The time has now come when the spirit of justice which animates the Southern people will require the exclusion from the Southern States of the heres of slaves, black and white, who have substituted ruthless oppression and pillage for free government. Jennings late editor New York Times.

On dit, a leap-year party. Unless cards are sent out soon we will be excluded.

The Calhoun Fair began yesterday, we saw a good deal of stock pass through here on the way there and no doubt they are having a successful time of it.

SAM GAINES, of the New Era, has completed his history on base ball, and concluded his lectures on kissing and has begun the task of remodeling the belt fashion for ladies; after which, we presume he will lecture on "Midnight rambles over the hills of Sebec."

Does Waterson lead the forlorn hope?—*Indianapolis Journal.*

No. Waterson generally leads the race, but sometimes plays the deuce.—*Indianapolis Herald.*

Bro. George, bet your bottom dollar that when Waterson plays the deuce he captures all High—Low—Hayes—Wheeler—Jack and the game.

Judge J. E. Heffer has purchased the "McLean County Progress" and judging from the appearance of his first issue we think the people of that section have lost nothing by the change although Mr. Walter was an energetic writer and conducted the paper well. We wish Judge Heffer abundant success.

W. T. KING of this city has been appointed Dept. U. S. Marshall for the 2nd and 3rd Congressional Districts of this State. Mr. King has resigned the position of Distillery Surveyor and Deputy Collector to take effect on the 30th. He will enter on duty as Marshall November 1st.

The interest law fixing eight per cent. as the legal rate went into effect September 1st. On and after that date any amount of interest in excess of 8 per cent cannot be contracted for or collected legally, under penalty of forfeiting the whole amount of the interest.

The New York Times on September 21st retracts the charge of perjury made against Governor TILDEN on September 8th, in the matter of the Toledo and Wabash railroad. It says: "We must accept the denial as conclusive. Proof is promised us but in its absence, that charge must be withdrawn."

We learn that Hon. W. T. ELLIS, District Elector, has invited Hon. G. C. WEDDING, Assistant Elector for the State at large, (Rep.) to meet him at his appointments. Hon. James Z. MOORE having been nominated for Congress, thus throwing Mr. W. to the front.

Upon an interview we learn that Mr. W. will accept if he can arrange home affairs. "Go in Lemmons."

"Birds of a feather flock together." FREDERICK HASSAUREK supports SAMUEL J. TILDEN; A. G. HESSING supports R. B. HAYES.

General WILLIAM SCOTT HANCOCK supports SAMUEL J. TILDEN; General WILLIAM W. BELKNAP supports R. B. HAYES.

CHARLES FRANCIS ADAMS supports SAMUEL J. TILDEN; BENJAMIN F. BUTLER, "widow," supports R. B. HAYES.—[N. Y. World.]

## The Recent Elections.

The States that have voted this year so far, show unmistakable signs of success for the Democrats.

Alabama gave a democratic majority of 40,000.

Arkansas about the same.

Connecticut had no State officers to elect but an election was held for local officers and the Democrats carried it by an increase over their majority of last year.

Delaware held a local election on Tuesday 3rd inst., and the Democrats carried three counties by a majority of 2,141. The theory of Wilmington heretofore Republican went Democratic by a decided majority.

Georgia gave the insignificant Democratic majority of 80,000.

Indiana about 5,000 on Governor, and over 7,000 on the other State officers and Congressmen.

Kentucky about 35,000 majority. West Virginia 12,000.

These States cast 56 electoral votes.

The Republicans carried Colorado it is supposed by a very small majority.

Maine by about 15,000.

Ohio by about 5,000.

These States have an electoral vote of 37.

The total Republican majority in these States is about 45,000, while the Democratic majorities in the States carried by them aggregate, 215,000.

Thus far, the Centennial elections have pronounced 215,000 for the Democrats to 45,000 for the Republicans being a net Democratic majority of 170,000, and an electoral vote of 56 for the Democrats to 37 for the Republicans, being a majority of 19.

This is the way things are drifting and the way they will drift in November.

Woodward is in the Toms, Tweed is smiling hitherward, Connolly and Sweeney hide in Europe; yet Shepherd flaunts his ill-gotten wealth at Washington, Babcock wriggles out of the clutches of the law by the aid of the power of the Governor, Belknap is untouched, Secor Robeson retains his plunder, and the whiskey thieves come out of jail on Grant's pardons. But it may yet happen that we shall see the thieves of Grantism also in exile or in prison. If the people put Tilden in the White House, we may expect that justice will be done those fellows who have so long enjoyed immunity for their crimes that they have grown impudent in their assurance, and careless of the popular indignation, feeling safe in the future, as in the past, from the punishment of the law. But Tuesday's elections have given them warning.

The Louisville Conference, M. E. Church, South, held its Annual Session in Louisville last week.

The following are the appointments for the

Owensboro District—S. C. Allen, Presiding Elder.  
Owensboro—J. B. Cottrell.  
Owensboro Circuit—E. B. Fallon.  
Yelvington—M. M. Hunter.  
Calhoun—W. L. Corbin.  
Livermore—B. D. Griffin.  
Hartford—W. W. Cook, and R. D. Bennett supernumerary.  
Whitesville—J. A. Miller.  
Hawesville—J. C. Norman, Sr.  
Lewisport—J. W. Taylor.  
Crownsville—S. Newton.  
Cloverport—V. Elgin.

The Republicans will fight desperately until November. With them it is a struggle for existence—victory or annihilation. The concern is on its last legs. We feel it in our bones. Its mission was to engender hate between the sections and plunder the people, and they have out-lived it. In the language of the little boy to the last yellow-legged chicken on the fence-pannel, "It's no use dodgin'—the preacher's come and yer bound to die."

## The Teachings of Radicalism.

At the speaking at Rockport, Indiana, on Saturday, 7th inst., Fred Douglass was announced to speak, which he did after his most eloquent style, and when he had finished, a white man's child, in the person of a beautiful young lady (?) climbed up and gave him a smack on those eloquent lips of his that resounded all over the Rockport hills. We don't blame Fred the least bit, if he is satisfied, though we think the young woman might have consulted his feelings somewhat.

And these are the questions Fred asks day and night,

"Must my soul taste but once such exquisite delight?"

"And when I come to Rockport, will you kiss me again?"

## WM. A. WHEELER AS TRUSTEE.

A Suit brought by a Railroad Co. To Recover \$60,000.

The New York Sun, a Liberal Republican paper, of the 17th, ult says

Some time prior to 1860, William A. Wheeler, John S. Eldridge, of Boston, and George W. Brown, of Ogdensburg, were appointed trustees of the Ogdensburg, St. Lawrence and Lake Champlain Railroad. The annual salary of each trustee was fixed at \$5,000. In 1865 the stockholders of the company, realizing that the trustees were grossly mismanaging the road, instituted proceedings in the Supreme Court for their removal. In 1866 an order was granted by the Court, empowering the stockholders to reorganize the company. Mr. Wheeler, knowing that the re-organization would remove him, and learning that under the code of practice in this State no appeal could be taken from the order of the Court, secured the passage through the Legislature of an amendment to the code of procedure rendered such codes appealable. Armed with a copy of the law, he threatened to appeal from the order unless the stockholders would compromise with him by paying him and his co-trustees \$20,000 each, their salary for four years.

The stockholders, desirous of getting rid of the trustees, and unwilling to submit to the delay consequent on an appeal from the order, consented to Mr. Wheeler's terms, and paid him and his associates \$60,000. After the company had been re-organized, a suit was brought against Messrs. Wheeler, Eldridge and Brown, to recover the \$60,000. One of the company's counsel was Edwards Pierpont.

The Justice before whom the case was brought was a relative of one of the trustees, and it was therefore removed to the United States Supreme Court, where it is still pending. Since the suit was begun Mr. Eldridge and Mr. Brown have died.

## A Colored Clergyman Persecuted on Account of His Political Opinions.

The official board of Orchard-street M. E. church (colored) held a meeting yesterday to consider what action should be taken in the case of their pastor, Rev. R. H. Robinson, who was known to be a Democrat. The board did not arrive at any conclusion, but again drew to meet to night, when the pastor will be invited to be present. In a conversation with Mr. Robinson a Gazette reporter learned that he is originally from Mount Vernon, Va. He says that he is a Democrat because he thinks the Republican party has deceived the colored man. He has two sons who have the same opinion as himself. Ever since his political sentiments have become known he has been subject to petty persecutions from the negroes in the neighborhood of Orchard street, both members of his congregation and others. Yesterday Joshua Simms and George Bowser, both colored were arrested by Officers Flannery and Donnelly, charged with attempting to incite by a riot by intimidating R. B. Robinson, a son of the above-named, on the street. Justice Thomas committed them for the action of the grand jury. Constant threats are being made and unless he declares himself in favor of the Republican nomination his house will be mobbed, and his wife lives in a continual terror. The members of the official board of his church met him on the street yesterday, after they had held their meeting and told him that all would be right if he would promise to keep his political opinions to himself, and requested him to meet with them to-night. He refused to do so, and says he in no way holds himself amenable to them, but only to the conference of his church. He has not thus far expressed his political opinions in or out of his church in a public meeting. What he may do in future he cannot say. He and both of his sons are members of a Democratic club.

A newspaper is a window through which men look out on all that is going on in the world. Without a newspaper a man is shut up in a small room, and knows little or nothing of what is happening outside of himself. In our day the newspapers keep pace with history and record it. A newspaper will keep a sensible man in sympathy with the world's current history. It is an encyclopaedia and unbound book, forever issuing and never finished. Always bear this in mind, and never fail to take, and more particularly, pay for your home paper.

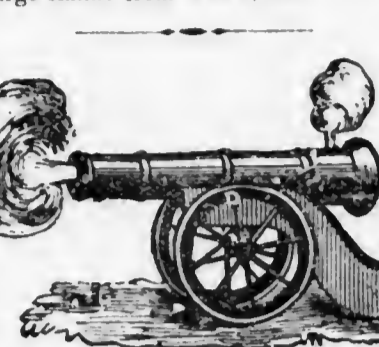

Old aunt Hannah an old negress of Daviess county who knew George Washington well, died last week at the early age of 118. Wonder if all the people who knew George Washington well, will ever die.

## INDIANA ELECTION.

Up to the time of going to press, we were unable to get any further from the seat of war.

Williams fell behind the balance of the State ticket, claiming so far only a majority of 5,500, while the State at large claims from 6 to 8,000.

## VIRGINIA ELECTION.

The returns have come in full, but are not official. The Democrats have the State by at least twelve thousand. Two-thirds majority in the House and two United States Senators to elect this winter.

## OHIO ELECTION.

Nothing yet definite as to the majority, but it will be safe to say the State has gone Republican by a majority about the same as was given Mr. Hayes for Governor, in 1875, which is one hundred per cent. smaller majority than the State has given the Republicans at their October or November elections of a Presidential year in the last sixteen years and really amounts to a Republican defeat.

The citizens of Sulphur Springs precinct raised a beautiful Tilden and Hendricks flag last Saturday. Want of space forbids us from giving further notice.

## Expiration of the Term of United States Senator.

The term of twenty-six United States Senators will end on the fourth of next March, seventeen Republican and nine Democratic, as follows: Republicans—Clayton, Arkansas; Logan, Illinois; Wright, Iowa; Harvey, Kansas; West, Louisiana; Morrill, Maine; Boutwell, Massachusetts; Ferry, Michigan; Windom, Minnesota; Alcorn, Mississippi; Hitchcock, Nebraska; Cragin, New Hampshire; Frelinghuysen, New Jersey; Anthony, Rhode Island; Robertson, South Carolina; Hamilton, Texas; and Howe, Wisconsin. Democrats—Goldthwaite, Alabama; Saulsbury, Delaware; Norwood, Georgia; Stevenson, Kentucky; Ransom, North Carolina; Kelly, Oregon; Cooper, Tennessee; Davis, West Virginia; and Johnston, Virginia. Of the Republicans, two have already their places filled by Democrats; Lamar has been elected from Mississippi, and Coke from Texas, Anthony, of Rhode Island, has been re-elected. The vacancies from Kentucky and Virginia have already been filled by the election of Democrats.

## Ohio County Jail.

Saturday we were shown through this House by E. L. WISE, the Jailor of Ohio county. We examined it thoroughly. The cages—the locks—the heavy gratings, and can say that it is impossible for any prisoner to escape, while it is thus secured, it is comfortable clean and the vaults are supplied by water from constructed water works belonging to the buildings, and accessible to every prisoner. The beds and bedding are all new and kept clean, no possible chance; under its present management; for it ever to be infested by vermin, so common among our county prisons. Our county officials deserve great credit for the provisions thus made for the care of those who are so unfortunate as become their charges. Their safe keeping, as well as their comfort are well provided for. And never within our knowledge have we ever seen a more contented set of prisoners than are safely caged in Ohio County Jail. They are supplied three times a day with a bill of fare that would do credit to some of our cosmopolitan Hotels. Newspapers, periodicals and reading matter are furnished them by Mr. Wise, who seems to enjoy in providing for the poor devils. We give below a list of prisoners confined—and charges preferred against them.

A Challenge to the Tobacco Growers of Ohio County.

I see through the columns of your valuable paper, much gabbling and gassing about fine tobacco. I am glad to see such cheering prospects of the crop. I am of the opinion that there is a great deal of good tobacco in the country this season. I have some as good I think as has been grown in the county, and back up my judgment. I herein make the following proposition to all of those who have been advertising their tobacco, to wit: The we meet in Hartford at the HERALD office on the first Monday in January 1877, and after first subscribing for the HERALD, the man who reduces the best sample of five pounds of shipping leaf tobacco takes the samples of all who may enter—the quality to be left to three disinterested judges. I would suggest A. B. Baird, W. H. Williams and Jas. A. Thomas, to all those having faith in what they have been talking and gassing about, let them report their names which will be published in the next issue of this paper.

Mineral Poisons.

When Macbeth told the Doctor to "throw physic to the dogs," and added that he would take none of it, he was doubtless addressing one of those empirics who prescribe Mercury, Calomel, Bismuth, Quinine and Arsenic for every disease they have occasion to treat in the course of their practice. Mineral poison when once taken into the system in enfeebling in its effects, and can never be eradicated, but is a source of perpetual torment. Causing pains and aches to effect the sufferer every time there is a change of the weather. The only safety lies in purely vegetable remedies, such as Dr. RALPH CLIFF'S SEVEN SEALS or GOLDEN WONDER, which is a sovereign remedy in a great variety of the most common and malignant diseases.

I. MENDEL. A. KAHN.

THE HERALD. CIRCULATION 800 WEEKLY. THE PLATFORM. ADOPTED AT ST. LOUIS, JULY 26, '78.

REFORM A PATRIOTIC DUTY. We, the delegates of the Democratic party of the United States in National Convention assembled, do hereby declare the administration of the Federal Government to be in urgent need of immediate reform; do hereby enjoin upon the members of this convention and of the Democratic party in each State, a zealous effort and co-operation in this end, and do hereby appeal to our fellow-citizens of every political connection, to undertake with us this first and most pressing patriotic duty.

THE UNION AND CONSTITUTION. For the Democracy of the whole country, we do hereby reaffirm our faith in the permanence of the Federal Union, our devotion to the Constitution of the United States with its amendments universally accepted as a final settlement of the controversies that engendered civil war, and do hereby record our steadfast confidence in the perpetuity of Republican Self-Government.

NOBLE PRODUCTS OF AN HUNDRED YEARS. In almost all instances in the will of the majority—the vital principles of Republics.

In the supremacy of the civil over the military authority.

In the total separation of the Church and State, for the sake alike of civil and religious freedom.

In equality of all citizens before just laws of their own enactment.

In the liberty of individual conduct, untrammelled by summary laws.

In the faithful education of the rising generation that they may preserve, enjoy and transmit these conditions of human happiness and hope.

We behold the noblest products of a hundred years of changeless history.

But, while upholding the bond of our Union and great Charter of these our rights, it behooves a free people to practice also that eternal vigilance which is the price of Liberty.

MISRULE AND HARD TIMES. Reform is necessary to rebuild and establish in the hearts of the whole people the Union, 11 years ago happily reunited from the danger of a secession of States; but now to be saved from a corrupt Centralism, which after inflicting upon ten States, the rapacity of carpet-bag tyrannies, has honeycombed the office of the Federal Government itself with incapacity, waste and fraud; infected States and municipalities with the contagion of misrule, and locked fast the prosperity of an industrious people in the paralysis of "Hard Times."

HARD MONEY. Reform is necessary to establish a sound currency, restore the public credit and maintain the National honor.

We denounce the failure for all these eleven years of peace to make good the promise of the legal tender notes, which are a changing standard of value in the hands of the people, and the non-payment of which is a disregard of the plighted faith of the Nation.

We denounce the improvidence which, in eleven years of peace, has taken from the people, in Federal Taxes, thirteen times the whole amount of the legal tender notes, and squandered four times their sum in useless expense, without accumulating any reserve for their redemption.

RETRENCHMENT AND RESUMPTION. We denounce the financial ineptitude and immorality of that party which during eleven years of peace, has made no advances toward resumption, no preparation for resumption, but instead has obstructed resumption, by wasting our resources and exhausting all our surplus income, and while annually promising to intend a speedy return to specie payment, has annually enacted fresh hindrances thereto. As such a hindrance we denounce the Resumption clause of the Act of 1875, and demand its repeal.

We demand a judicious system of preparation by public economy, by official retrenchments, and by wise finance, which shall enable the nation soon to secure the whole world of its perfect ability and its perfect readiness to meet any of its promises at the call of the creditor entitled to payment.

We believe such a system, well devised, above all, entrusted to competent hands for execution, creating at no time an artificial scarcity of currency, and at no time alarming the public mind into a withdrawal of that vast machinery of credit by which 95 per cent. of all business transactions are performed—system open, public and inspiring general confidence, would from the day of its adoption bring healing on its wings to all our harassed industries, set in motion the wheels of commerce, manufactures, and mechanics, restore employment to labor, and renew in all its natural resources the prosperity of the people.

REFORM IN FEDERAL TAXATION. Reform is necessary in the sum and modes of Federal Taxation, to the end that capital may set free from distrust, and labor lightly burdened.

We denounce the present Tariff, levied upon nearly 4,000 articles, as a masterpiece of injustice, equally and false pretense.

It yields a dwindling, not a yearly rising revenue.

It has impoverished many industries to subsidize a few.

It prohibits imports that might purchase the products of American labor.

It has degraded American commerce from the first to an inferior rank on the high seas.

It has cut down the sales of American manufactures at home and abroad, and depleted the returns of American agriculture and industry followed by half our people.

It costs the people five times more than it produces to the Treasury, obstructs the process of production, and wastes the fruits of labor.

It promotes fraud, fosters smuggling, enriches dishonest officials, and bankrupts honest merchants.

We demand that all Custom House taxation shall be only for Revenue.

REFORM IN PUBLIC EXPENSES. Reform is necessary in the scale of Public Expense—Federal, State and Municipal.

Our Federal taxation has swollen from 60 millions gold, in 1860, to 450 millions currency, in 1870; our aggregate taxation currency in 1870, to 730 millions currency in 1878; or in one decade, from less than \$2 per head to more than \$16 per head.

Since the peace, the people have paid to their tax gatherers more than three times the sum of the Federal Government Department alone. We demand a rigorous frugality in every department, and from every officer of the Government.

THE PROFLIGATE WASTE OF PUBLIC LANDS.

Reform is necessary to put a stop to the profligate waste of public lands and their diversion from actual settlers to the party in power, which has squandered 200 million of acres upon railroads alone and out of more than three that aggregate has disposed of less than a sixth directly to tillers of the soil.

THE SHELTER OF CITIZENSHIP. Reform is necessary to correct the omissions of a Republican Congress, and the errors of our treaties and our diplomacy, which have stripped our fellow citizens of foreign birth and kindred race recrossing the Atlantic of the shield of American citizenship, and have exposed our brethren of the Pacific coast to the incursions of a race not sprung from the same parent stock, and in fact now by law denied citizenship through naturalization as being neither accustomed to the traditions of a progressive civilization nor exercised in liberty under the laws.

We denounce the policy which thus discards the liberty-loving German and tolerate the revival of the coolie trade in Mongolian women imported for immoral purposes, and Mongolian men, hired to perform servile labor contracts, and demand such a modification of the treaty with the Chinese Empire, or such legislation by Congress within constitutional limitations as shall prevent the further importation or immigration of the Mongolian race.

SECTARIAN STRIFE AND SECTIONAL HATE. Reform is necessary and can never be effected but by making it the controlling issue of the elections, and lifting it above the two false issues with which the office-holding class and the party in power seek to smother it.

1. The false issue with which they would enkindle sectarian strife in respect to the public schools, of which the establishment and support belong exclusively to the several States, and which the Democratic party has cherished from their foundation, and is resolved to maintain without prejudice or preference for any class, sect, or creed, and without contributions from the treasury to any.

2. The false issue by which they seek to light anew the dying embers of section al hate between kindred people once estranged but now reunited in one indivisible republic and common destiny.

CIVIL SERVICE. Reform is necessary in the Civil Service. Experience proves that efficient, economical conduct of the governmental business is not possible if its civil service is subject to a change at every election, be a prize fought for in the ballot-box, be a bribe reward for party zeal, instead of honor assigned for proved competency, and held for confidence in the public employ, that the dispensing of patronage should neither be a tax upon the time of all our public men, nor the instrument of their ambition. Here again promises falsified in the performance, attest that the party in power can work out no practical or salutary reform.

OFFICIAL CRIMES AND MISFEASANCE. REFORM IS NECESSARY even more in the higher grades of the public service. President, Vice-President, Judges, Senators, Representatives, Cabinet officers, these and all others in authority are the people's servants. Their offices are not a private perquisite; they are a public trust.

When the annals of this Republic show the disgrace and censure of a Vice-President, a late Speaker of the House of Representatives marking his rulings as a presiding officer.

Three Senators profligate secretly by their votes as law-makers.

Five Chairmen of the leading committees of the late House of Representatives exposed in jobbery.

A late Secretary of the Treasury forcing balances in the public account.

A late Attorney General misappropriating public funds.

A Secretary of the Navy enriched or in riching friends, by percentages levied off the profits of contractors with his department.

A Minister to England censured in a dishonorable speculation.

The President's Private Secretary barely escaping conviction upon trial for guilty complicity in frauds upon the revenue.

A Secretary of War impeached for high crimes and misdemeanors.

The demonstrations is complete that, the first step in reform must be the people's choice of honest men another party, lest the disease of one political organization infect the body politic, and lest by making no change of men or parties we get no change of measures and no real reform.

AMERICAN REFORM IMPOSSIBLE. All these abuses, wrongs, and crimes, the product of sixteen years' ascendancy of the Republican party, create a necessity for Reform confessed by Republicans themselves; but their reformers are voted down in Convention and displaced from the Cabinet. The party a mass of honest voters is powerless to resist the 80,000 office-holders, its leaders and guides.

A CIVIL REVOLUTION NECESSARY. Reform can only be had by a peaceful Civil Revolution.

We demand a change of system, a change of administration, a change of parties, that we may have
